The Librarians:
-Dexter Estrada
-Kyle Louderback
-Nicholas Semaan
-Kevin Ngo (Lead)

Project:
Quick Story

GitHub Repository:
https://github.com/contactatfp/theLibrarians.git

Job Assignments:
Kyle:

- moved from SQLite to Postgres
- Researching Azure deployments

Kevin:

- The Post entries in db are now being used in the all page, close to linking up the buttons
- Start thinking of integrating search on this page (instead of just fetching the latest entries)
- Started prettying/editing instructions

Dexter:

- Revising schema
- Building test cases
- Testing and updating documents after switch to Postgres

Nicolas:

- Building test cases
- Testing and updating documents after switching to Postgres
- Worked on presentation
- Tested Team TreeHouse

Milestones:
M2: Registration, Login/Logout, About, and Form features - March 5
M3: Book Generation feature - March 19
M4: Preview and Download features - March 30
M5: Share feature - April 10

Technology:
-Flask Framework
-SQLite --> Postgres
-Bootstrap/HTML
-CSS
-JavaScript
